

Looking to build?

The process

- 1 Gather your design ideas,. iNBRICK can help you develop your concept if you are unsure of your design or whether its applicable
- 2 Consult a draftsman to get your ideas drawn into a set of plans and engineered (cost starts from \$600)
- 3 Submit your plans for building application to your relevant council for approval.
- 4 Submit your plans to at least 3 contractors for quotes.
- 5 Select your contractor and discuss a scope of works.
